

Anti Static Pink Cap

"ESD Cap Pink" Suitable for ESD, SMT & Cleanroom Labs Surface Resistance $10e6$ to $10e9$ Made Up Of Polyester With Carbon Threading Easy To Wash ESD work clothes is the most effective protection from the volt which generated by human movement during manufacturing.

Anti Static Blue Cap

"ESD Cap Blue" Suitable for ESD, SMT & Cleanroom Labs Surface Resistance $10e6$ to $10e9$ Made Up Of Polyester With Carbon Threading Easy To Wash ESD work clothes include hood, jacke pants, smock, j m suit

Anti Static Wh Cap

"ESD Cap white" Suitable for ESD, SMT & Cleanroom Labs Surface Resistance $10e6$ to $10e9$ Made Up Of Polyester With Carbon Threading Easy To Wash Easy To Wash ESD work clothes is the most effective protection from the volt which generated by human movement during manufacturing

Disposable Cap

Disposable Cap. These are widely demanded by hospitals for use by surgeons and industrial during operations for the protection of heads and to prevent hair fall. These are disposable and are acknowledged for their perfect fitting, easy usage, and are comfortable to wear.

ESD Green Mat

"ESD Mat Green" ESD dissipative mats are designed to harmlessly drain charges from personnel, esd boxes, components and etc. It is lie flat-will not cart and not affected by humidity and

ESD Blue Mat

"ESD Mat Blue" ESD rubber mat, also known as esd two layer mats are 0.08 inch thick and has two layers, top one is static dissipative rubber ESD Mat Blue layer laminated to a black conductive

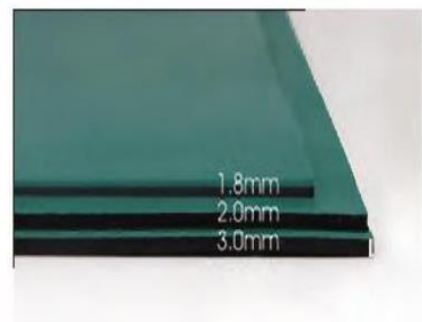

ESD Grey Mat

"ESD Mat Grey" New technology static dissipative industrial grade elastomer designed for use on tables and other workbench surface. Material is permanently dissipative with space age dissipative polymer its electrical properties

ESD Table Mat

A placemat or table mat is a covering or pad designating an individual place setting, unlike the larger table cloth that covers the entire surface. Placemats are made from many different materials, depending on their purpose

ESD Flooring Mat

ESD mats are used on floor to prevent damages to electronic equipment from electrostatic discharges. ESD control is required during the manufacturing and assembly of electronic components. Operator actions such as, walking, moving chairs, and so on causes generation of static discharges.

ESD Blue Apron

"ESD Blue apron" is very comfortable & light in weight. These type of apron are specially design for esd work,lab, it is comfortable to wear at long time .These ESD-Safe Aprons are made of fabric consisting of Polyester, cotton and conductive fiber

ESD Green Apron

"ESD Green apron" is very comfortable & light in weight. These type of apron are specially design for esd work,lab, it is comfortable to wear at long time ESD-Safety Group,as the earliest manufacture of ESD clothes,we offers a complete range of high quality anti-static clothing including ESD Garment

ESD Pink Apron

"ESD Pink apron" is very comfortable & light in weight. These type of apron are specially design for esd work,lab, it is comfortable to wear at long time This ESD Safe Pink Apron or Lab Coat has a specially integrated conductive fiber that dissipates static charges.

ESD White Apron

"ESD White Apron" is very comfortable & light in weight. These type of apron are specially design for esd work,lab, it is comfortable to wear at long time. This ESD Safe White Apron or Lab Coat has a specially integrated conductive fiber that dissipates static charges

ESD Yellow Apron

"ESD Yellow Apron " or Lab Coat has a specially integrated conductive fiber that dissipates static charges.

Round Paint Brush

"Round Paint Brush" Brushes, as well as the bristles, are conductive/ Static Dissipative, while the handle is made of plastic or aluminum, which together prevent all kinds of electrostatic damages

ESD Tooth Brush

KB6 is an ESD toothbrush which is part of Solder Connection's a comprehensive range of brushes. KB6 allows for the safe cleaning of ESD sensitive assemblies without generating any harmful static charges

ESD U Brush

"U Style ESD Anti Static Brush" U Style ESD Anti Static Brush in a variety of quality U Style ESD Anti Static Brush at affordable Suitable for ESD, SMT Cleanroom Labs Surface Resistance $10e6$ to $10e9$ Made Up Of Plastic No Picking ESD brush made of electric-plastic

Anti Static Brush

ESD Antistatic Brush" Lessdeal offers static discharging or antistatic Brushes to fit your specific brushing requirements. ESD (electrostatic discharge) brushes allow the manufacturers of electronics and static-charge-sensitive products

ESD Brush

Brand new Handle material: plastic Brush material: Synthetic fiber Color: black Feature: 8pcs different size anti static brushes. Comfortable to grip. Removes dirt on PCB or other sensitive components. ESD safe brushes for cleaning sensitive electronics

Plain Hosiery Gloves

"White Plain Hosiery Hand Gloves" White PU Coated Gloves to our valued clients. The offered assortment of gloves has an open back for excellent breathability & snug fit for lesser hand

PU Coated Gloves

"PU Coated Hand Gloves" "With our in-depth knowledge of this domain, we are actively engaged in providing an excellent quality range of PU Coated Hand Gloves White PU Coated Gloves to

White Hosiery Gloves

"White Plain Hosiery Hand Gloves" Safety Hand Gloves. We have used best grade materials in manufacturing these gloves and in compliance with the international standards for these gloves

ESD Supplies Dotted

ESD Gloves is designed for use in particle sensitive, anti-static or electrostatic discharge (ESD) environment. These gloves help protect both the worker and the component. User can prevent

Blue Dotted Gloves

Dotted Safety Hand Gloves available with us, is an extensive variety of Polka Dotted Hand Gloves. Dotted gloves are machine knit seamless gloves available

Wristband Cordless

This ESD Wrist Strap Cordless protects sensitive electronic and computer components from electrostatic discharge. Protects IC and electronics from static discharge Ground cord can be adjusted

Wristband B To C

Very usefule to ground all solder iron tips & equipment for better safty. Suitable to wear for any Semiconductor /Electrical /Electronics Services & Repairs. Flexible Wriststrap with Coiled Cord

Wrist Band

An antistatic strap, ESD wrist strap, or ground bracelet is an antistatic device used to safely ground a person working on very sensitive electronic equipment, to prevent the buildup of static electricity on their body, which can result in electrostatic discharge (ESD). I

Anti Static Wrist Straps

Wrist Strap Monitor continuously monitors the ESD integrity of wrist strap and its ground. It provides instant notification of the wrist strap or ground failure. When the production process is of very high value, reliable ESD safety and ground is must for continuous monitoring at operator level.

Metal Tweezer Bend

"Metal Tweezer Bend" Material: Surgical Grade - ESD Metal Color: Black; Size: Straight: 4.92 inch / 12.5 cm; Curved: 5.31 inch /13.5 cm. * The straight tip are specifically designed for the easy pick up of multiple hairs off the tray. The angle tip

Metal Tweezer Straight

"Metal Tweezer Straight" ESD Metal Color: Black; Size: Straight: 4.92 inch /12.5 cm; Curved: 5.31 inch /13.5 cm. * The straight tip are specifically designed for the easy pick up of multiple hairs off the tray.

ESD Tweezers Pointed

"ESD Plastic Tweezers Pointed" Material: ESD, SMT & Cleanroom Labs Surface Resistance 10e6 to 10e9 Made Up Of Plastic No Picking Issues Meets The ESD Criteria Plastic Tweezers

ESD Tweezers Hair Cut

Suitable for ESD, SMT & Cleanroom Labs Surface Resistance 10e6 to 10e9 Made Up Of Plastic No Picking Issues Meets The ESD Criteria Surface Resistance 10e6 to 10e9 Made Up Of Plastic

Metal Tweezer Pointed

These Tweezers come in a variety of colours and tips / points. The Pointed Tip helps in getting rid of fine hair and undergrowth from eyebrows as well other parts of the body. One can use these tweezers to remove undergrowth after waxing or other hair-removal treatment

Grounding Cord B To B

Tough vinyl cord offers a long service life 3/8" (10mm) stud (male) connects to female snap on the mat 1 megohm mat to ground Pin terminal on the other end for ground connection Guaranteed under normal conditions of usage .

Grounding Cord B To C

Tough vinyl cord offers a long service life 3/8" (10mm) stud (male) connects to female snap on the mat 1 megohm mat to ground Pin terminal on the other end for ground connection Guaranteed under normal conditions of usage .

Grounding Cord 3 pin Plug

ESD Grounding cord with 3-Pin Plug 1 M ohm, 2.5-3 m, (Pack of 2), 3-pin plug the wire that is connected to the ground pin of a plug is also connected to the metal body of the equipment. If any current leakage is appearing on the metal body

Grounding Cord Black

Production Capacity: 10000PCS/Week
Payment Terms: L/C, T/T, Western Union, Paypal
Certification: RoHS, ISO
Condition: New
Waterproof: Non-Waterproof
Type: Tools
Material: PVC/PP
Usage: Cleanroom

Numex IPA

"Numex IPA(isopropyl alcohol)" Isopropyl Alcohol(IPA) is colorless and flammable with strong odor. A broad gamut of Isopropyl Alcohol is made available by us to our valued patrons. We are a unique entity in the industry, actively committed towards providing

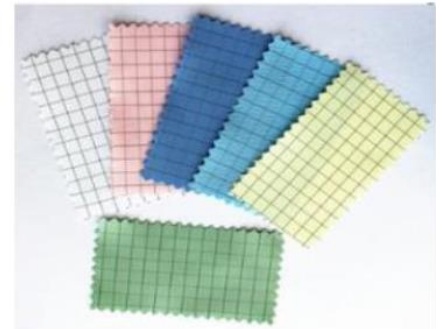

ESD Dangri

ESD Dangri to our precious customers. Our offered ESD Dangri is widely appreciated by our customers, which are situated all round the nation. Known for its best quality, clients can avail this ESD Dangri at industry leading prices from us. Colour - Blue, White, Sky Blue

ESD Fabric A or

ESD fabric is used for Anti static clothing width is 1.5 meter. It is available in various colors like white, pink, blue, yellow. In this fabric 98% Polyester + 2% Conductive Fiber. Our ESD fabric is made of lint-free polyester filament, which provides good static

ESD Trouser

Very comfortable to wear & light weight: These apron coat are specially designed for ESD Works & Very Comfortable to wear for Long Hours. 100% Static Dissipative : As these coat are made up of Polyester, so these are 100 % Safe for ESD works & also Resistive to Static Charge. Surface resistance: $10^6 \sim 10^{11}$?

ESD Footwear Tester

Wrist straps and ESD footwears are the first line of defence against electrostatic charge build up on the human body. They are designed to carry away this charge as soon as it is generated. At the same time the wrist strap/footwear must remain electrically safe for the user.

Shoe Cover Dispenser Machine

Product Weight - 3.5 lbs.
Dimensions - 16.5 x 8.5 x 6.0 Inches.
Body Type - Aluminium plastic molded
Color - Silver
Box contains - 1 piece Shoe cover dispenser and 50 pairs of covers

ESD Shoe Co

Used in Medical hospitals, Dental hospitals, Laboratory, Food Sectors, School, Household, Industry, food packaging, public utilities, families, fast food, supermarkets, beauty parlours and Multi-Purpose.

1 Packet-50Nos

ESD Slipper

ESD Slipper, ESD Safe, static charge free
Excellent antistatic performance, dust-free.
Good fastness, wear-resisting, not deformation, durable.
Wear lightweight, easy to clean.

Cup Shaped Face Mask

Ffp2 mask which is equivalent to n95 pollution mask, filters pm2.5, pm10, dust and allergen
Flat fold mask which makes it easy to carry
3m Cool flow exhalation valve to prevent heat and carbon dioxide build up
Extremely relaxable and best in its class mask

Non woven Face Mask

White Single Ply Non-Woven Disposable Face Mask, for Dental
Rs 1.6/ Piece Get Latest Price. Color: Yellow, Blue, Green, Orange, White. Application: Laboratory Use, Surgical, Medical Procedure, Dental. Material: Two Ply Non-Woven, Three Ply Non-Woven, Single Ply Non-Woven, Four Ply Non-Woven, Cotton

Fish Shaped Face Mask

Product Name : Gray fish-shaped dust mask
Color : Gray
Material : Non-woven, Hot-blast nonwoven, Melt-blown nonwoven
Usage : Anti-dust, Anti-fog, Anti-haze, Anti-PM2.5,
Application : Personal protective, Medical, Clinic
Advantages Safety, Breathable, Convenient

Anti-Static Finger Cot

All Color, A finger cot is a medical device used to cover one or more fingers in situations where a full glove seems unnecessary. Like medical and rubber gloves, finger cots may be made from a variety of water-tight materials including latex, nitrile rubber

Anti-Static Solid Shoes

Antistatic and ESD shoes are both conductive safety shoes. This means they protect electrical equipment by sending (conducting) electrical charges to the ground, preventing a static shock, charge or spark. Conductive safety shoes are worn in industries in which a static shock is problematic or could trigger

Anti-Static Butterfly Shoes

Application : Construction
Feature : Anti-Skid
Insole Material : Rubber
Outsole Material : PU
Ankle Length : Medium Ankle
Height (in inches) : 2
Available Size
Gender : Unisex

Anti Static Mesh Shoes

Length Low or Medium or High
Sole : PU
Pack Type : Box
Pack Size : 100 pieces
Usage : Safety purpose
Feature Antistatic

ESD Polybag

All Color Antistatic Bags that prevent build-up of static charge and protect components from ESD damages. In the manufacturing process of these bags, we make use of top notch quality raw materials and sophisticated technology in adherence with the defined standards

Anti Static Marking Tape

Color : Yellow
Usage/Application : Electronic Manufacturing, Clean-room Protection
Width : 48 mm
Feature : Ant-Static Area Indication
Material : PVC
Length : 25 m

Flooring Tape

Size : 1 inch, 2 inch, 3 inch
Feature : Heat Resistant, Waterproof
Minimum Order Quantity : 1 Roll
Specifications -
- Color: yellow black, yellow white, red white, green white, black white

ESD Sealing Tape

Sealing tape transparent color with acrylic water based adhesive
Selling Units: Single item
Single package size: 10X10X6 cm
Single gross weight:0.15 kg
Package Type:6Rolls/Shrink, 36Rolls per carton

All Type Notice Board

Type : Bulletin Board
Place of Origin : Zhejiang, China
Brand Name : Lucky Star
Model Number : RS-CB02
Material : fabric
Use : Drawing Board, Message Board, Writing Board
Magnetic : No
Size:20x30 cm ~ 240x120 cm

Anti-Static Chair

- Model:- ITE - SBH
- 5 Prong heavy Duty Chrome Plated Steel Base w Normal Wheel
- Seat Size:- 18"X18"
- Back Rest Size:- 16"X12"
- Conductive Leatherite Upholstery.
- Chrome Hydraulic
- Internal Grounding through positive pressure.
- System Resistance 108
- Adjustable height From min17" to max 22"

Anti-Static Chair

Special, Ergonomic Stress Free Design, W h Large comfortable s h thick PU Cu on Fo m

- Model:- ITE - H
- 5 Prong heavy ty Chrome Plated Steel Base w Normal Wheel
- Seat Size:- 18"X18"
- Back Rest Size:- 16"X14"
- Conductive Leatherite Upholstery.
- Internal Grounding through positive pressure.
- System Resistance 108
- Adjustable height From min17" to max 22"

Anti Static UP Chair

Special, Ergonomic Stress Free Design, With Large comfortable seating, with thick PU Cushion Foam

- Model:- ITE - MBH
- 5 Prong heavy Duty Chrome Plated Steel Base w Normal Wheel
- Seat Size:- 18"X18"
- Back Rest Size:- 17"X16"
- Conductive Leatherite Upholstery.
- Internal Grounding through positive pressure.
- Adjustable height From min17" to max 21"

ESD Stool

Special, Ergonomic Stress Free Design, With Round comfortable seating, with thick PU Cushion Foam padding

- Model:- ITE - Stool
- 5 Prong heavy Duty Chrome Plated Steel Base
- Seat Size:- 15"
- Conductive Leatherite Upholstery.
- Chrome Hydraulic
- Internal Grounding through positive pressure.
- System Resistance 109
- Adjustable height From min17" to max 21"

ESD Plastic Stool

- 320mm ESD PP Seat
- 22 Gauge Powder coated MS Pipe Frame
- Fixed Height
- other ht option are available in order>100pics

ESD Plastic Stool

- 15" ESD PP Seat w small Back
- 1"/1.2mm thick Powder coated MS Pipe Frame
- Fixed Height 500mm
- other ht option are available(If min order>100pics)

We don't follow B2B and B2C, We follow B2P = Why BKS Products 

System Consultancy: ISO 9001:2015, IATF16949

All Automotive OEM's Audit Qualification Preparation:

eg. Mahindra, Maruti, Honda, TATA, HERO, HONDA, BAJAJ, Volkswagen, etc.

Training:

APQP, FMEA, PPAP, MSA, SPC, Control Plan

Quality Improvement: Problem Solving, 7QC Tools, 8D/RCA Kaizen, Poka-Yoke, etc.

Productivity Improvement: 5S, OEE, Line Balancing, Inventory Management etc.

Data Analysis & Presentation Skill with workshop:

- *MS Excel - Bingers, Moderate, Advance*
- *MS Power Point - Bingers, Moderate, Advance*
- *MIS & Dashboard- Plant Level, Department Level.*

Management Level training -

- *Policy Deployment - Vision to DWM*
- *Goal Setting /Target Setting*
- *BSC*
- *X- Matrix*

*Audit Skill: with Application and Project
System Audit, Supplier Audit, Misc. Audit*

Business Consultancy:

- *Start-up Consultancy*
- *Branding Consultancy*
- *Sales Consultancy*
- *Risk Management*
- *Strategy formation,*
- *Strategic Sourcing,*
- *Supplier Management & Part Development*

Export Service -

- *Cost* - Cost Optimization
- *Logistic* - Packaging, Custom Clearance , Domestic Logistic, Door Delivery.
- *Warehousing* - Storage , Preservation, Domestic Logistic.

Import Service -

- *Cost* - Cost Optimization.
- *Sourcing* - Product/Supplier Search , RFQ
- *Quality* - Inspection / Auditing / Implementation at Any Country
- *Logistic* - Packaging, Custom Clearance , Domestic Logistic, Door Delivery
- *Warehousing* - Storage , Domestic Logistic, Door Delivery as per schedule.
